

## A New Real Estate Style For The Cayman Islands

Sheena Conolly  
(Broker/Owner)

### *Interested in Buying?*

Since 1744 Sotheby's has been building a brand founded on knowledge, integrity and service. At Cayman Islands' Sotheby's International Realty we realize that not everybody has millions of dollars to spend on property but everybody appreciates the luxury of good service, experience and integrity. As C.I.R.E.B.A agents we have access to every multi-listed property on the islands. We invite you to experience the Sotheby's difference.

### *Interested in Selling?*

Unique in its local operation, Cayman Islands' Sotheby's International has a collaborative approach and every property listed benefits from the collective experience of all our sales partners. Our combination of expertise, along with the Sotheby's branding, and the Sotheby's International Realty referral network, provides you with an unrivalled quality of service and global reach beyond compare.

### *Our office is different, why?*

Come and experience the superior service Sotheby's provides in our brand new real estate office in Governor's Square. Which other office can invite you in to peruse property in the comfort and ambience of an art gallery? Stop in for a coffee or perhaps a glass of Champagne and let Sotheby's find the perfect property for you.
